KNIGHTS OF PYTHIAS

Have Big Time at District Convention Here Friday Evening.

SEVERAL NOTED PYTHIANS PRESENT

Tuesday evening Victoria Lodge No. 84, Knights of Pythias, were hosts at a district convention at this place in their beautiful hall in the Victory building, one of the nicest lodge rooms in the state of Kentucky. Past Supreme Chancellor W. W. Blackwell, of Henderson; Past Grand Chancellor O. H. Pollard, of Jackson, and Grand Keeper of Records and Seal J. W. Carter, Lexington, all representing the Grand Lodge, were present as was a delegation of nineteen Knights from Hopkinsville, who came on 94 about 8 o'clock and returned on 93, about 10:30. Delegations from other lodges were expected, but did not materialize.

The meeting was called to order by District Deputy Jesse Phillips. After prayer by Prof. C. E. Dudley, Grand K. of R. and S. Carter took the chair and called for reports from the lodges of the district.

Evergreen Lodge at Hopkinsville gave a splendid report through Lucian Davis, formerly of this place, and one of the governors of the Widows' and Orphans' Home at Lexington, and by its present Chancellor Commander, Frank Torian. The condition of that lodge is excellent, and they are putting on work all the time.

Knight C. H. McGary, John M. Hogan and Keeper of Records and Seal Ernest Newton gave reports of the condition of Victoria Lodge, showing that it is on the upward plane and that twelve new members and renewals have been added to the roster this year.

District Deputy Phillips and Grand K. of R. and S. Carter then made reports as to the condition of the other lodges of the district, composed of Elkton, Pembroke, Madisonville and Princeton.

It was the intention of Grand Chancellor Robt. L. Slade, of London, to be present, but from circumstances beyond his control he was unable to be at the meeting, much to the regret of all present. Past Supreme Chancellor Blackwell and Past Grand Chancellor Pollard represented him as deputies.

Knight Blackwell was called to the floor and delivered a very able and interesting talk, taking as his principal theme the power and duty of all true Pythians to be true citizens and to purify as much as possible political conditions from all standpoints and to make this a clean, God-fearing country, free of graft and wrong.

Knight Pollard, who is a candidate for Attorney General of Kentucky, then was called to the floor and delivered a beautiful and eloquent address, but did not get to finish, owing to the fact that the Hopkinsville Knights had to return on 93.

A dainty lunch was then served to all, which proved a very enjoyable feature of the evening. Mesdames Ernest Newton, Albert Keown, Clarence Higgins, Otley Vanoy, Marion Sisk and Miss Ida Lee Sisk assisted the committee in preparing the lunch. These ladies and Mesdames Hogan and Walter N. Martin furnished cakes.

After the lunch and the Hep-

kinsville Knights had gone, the remaining Knights and the Grand Lodge officers had a pleasant informal business meeting and transacted some important business. The local lodge has agreed to give the next ten initiations to the building fund of the Home. This is a noble cause and one dear to the heart of every true Pythian.

In the course of his remarks at this meeting, Knight Pollard mentioned the fact that Knight Blackwell was the father of the resolution, while Supreme Chancellor, to exclude bar keepers gamblers, which example was followed by other orders, the Knights of Pythias being the first to enter this law upon their statute books.

COAL COMPANY

CHANGES HANDS
W. D. Coll Becomes Majority Stockholder in Sunset Coal Co. of Madisonville.

A large coal deal was consummated in Madisonville Saturday and was made public Monday. W. D. Coll, who is sinking a shaft for the Coll Coal Mine in the Dan Daves Addition of the city, has bought the controlling interest in the Sunset Coal Mine from E. L. Hendricks. The amount involved has not been made public, but it is rumored that it was something like \$25,000.

The deal has been on for something like a month, but will come as a surprise, for everyone knowing of Coll's new mine, had little idea that he was after another one. The new mine, which will be one of the best in the county and is the only mine in the county on the cut-off of the L. & N., will be shipping coal by August.

All of the stock of Hendricks and several small stockholders, amounting to about two-thirds of the entire stock, passed into Coll's hands. John G. B. Hall will retain his interest, which is about one-third, and Hoyt Coll will have three shares. It was reported at first that Coll had bought out Hall's holdings.

A meeting of the new stockholders was held Tuesday morning. Coll was elected president and general manager; Hall, vice president, and Hoyt Coll, secretary.

Miss Anna Deal Bramwell Graduates.

Miss Anna Deal Bramwell, oldest daughter of Mr. and Mrs. Bramwell, formerly of this city, graduated with honor at the Belmont College, Nashville, Wednesday night. Miss Bramwell is well known here and has a host of friends and admirers.

DOES ADVERTISING PAY

The Courier-Journal of last Saturday had an editorial on the subject of the success of a groceryman in Memphis who is a great advertiser. Groceryman as a general thing say that advertising pays clothing and dry goods people, but that they deal in necessities and that it doesn't pay them, yet this man spends more for advertising in one day than the cost of the average stock of groceries found in the town of Adairville. The facts read like an Arabian Nights tale, but its true. The editorial in full is as follows:

"Duke Bowers, who runs thirty-five grocery stores in Memphis, says it is hard for him to understand why some people do not believe in Advertising. That Mr. Bowers believes in it strongly is evidenced by the fact that he monopolizes about one half the space of one issue of a Memphis paper on last Tuesday. And it is not a small paper as papers go. It has fourteen pages of eight columns to the page. One entire section of four pages is devoted to matter supplied by Mr. Bowers and the larger section has a Bowers 'ad' on every page except the first, including one full page devoted to current quotations of grocery prices at Mr. Bowers' thirty-five 'temples of economy.'"

The space occupied by Mr. Bowers is not all devoted to groceries, for he is something of a philosopher and he discusses some matters as a side line to his commercial enterprises. Among other things he tells what he thinks about advertising. Incidentally he remarks that his advertisements which appeared in those Memphis dailies last Tuesday cost him about as much as it would cost to open another store." This, he thinks, is a very good demonstration of his faith in newspaper publicity. 'I expect, though,' he continues, 'for the fruits of this advertising to yield so abundantly that it won't cost me a penny.'"

Mr. Bowers says he has spent more for newspaper space since he located in Memphis than he is worth, but he believes if he had spent only half as much for advertising he wouldn't have been worth half as much as he is at the present time. Some business men argue, he says, that they have succeeded without advertising and, hence cannot see any use of it. To which Mr. Bowers answers, 'Yes and the chances are that if these same persons had been constant advertisers the success they would have made would have been as far ahead of this present success as Memphis is ahead of Hopefield, Ark.'"

PRESIDENT TAFT
NOT TO INTERFEREIn The Case of Chas. W. Morse
and John R. Walsh, The
Wealthy Bankers.

MUST SERVE OUT THEIR TERMS.

Washington, May 25—President Taft has denied the applications for pardon of Charles W. Morse, of New York, and John R. Walsh, of Chicago, the two most prominent bankers ever convicted and sent to Federal penitentiaries under the national banking laws. Not only did the President refuse to pardon either Morse or Walsh, but he also declined at this time to exercise any other sort of executive clemency in these cases, or to shorten the sentences imposed upon the two men by the courts in which they were convicted.

In denying the pardons, the President took a firm stand that the national banking laws or any other laws must be upheld when they affect the rich man, even more than when they affect the poor.

The record in the Walsh case, the President said in a long opinion, "shows moral turpitude of that insidious and dangerous kind, to punish which the national banking laws were especially enacted." In considering the case of Morse, the President said that "from a consideration of the facts in each case, I have no doubt that Morse should have received a heavier sentence than Walsh. Indeed, the methods taken by Morse tend to show that more keenly than Walsh did he realize the evil of what he was doing."

SLAUGHTERVILLE
Plows up Ancient Indian Peace Pipe.

While plowing in his field near Slaughterville one day this week, William Rook plowed up an Indian peace pipe with a stem about 11 inches long. The pipe was made of sand stone and weighed two and a half pounds. With the exception of a small piece chipped from the bowl by the plow, the pipe is in perfect condition and is quite a curiosity.

MR. J. B. ATKINSON
IN LOUISVILLELeft Here Tuesday Morning on
Special Train Over M. H. & E.

PHYSICIANS DECIDE TO OPERATE.

Mr. John B. Atkinson, president of the St. Bernard Mining Company of this city, left here Tuesday morning for Louisville, Ky., where he will be operated on for appendicitis. He was accompanied by his wife, Mr. and Mrs. Geo. C. Atkinson, Paul M. Moore, Dr. A. O. Sisk, the attending physician, Miss Rosa Fox, trained nurse, and Drs. Sherrill and Davis, of Louisville. The two last named gentlemen came here from Louisville Monday and after holding a consultation with resident physicians decided that an operation was necessary and that it was also necessary for Mr. Atkinson to make the trip to Louisville. The special train in charge of train master E. L. Wise left Earlinton over the M. H. & E. at 2 o'clock Tuesday morning and made good time to Louisville. On arriving in Louisville Dr. Marvin was called in consultation and it was decided to postpone the operation a few days, as the trip had been more or less fatiguing. Advice from Louisville this morning state that while the condition of Mr. Atkinson is serious he is holding his own nicely and a successful operation is hoped for. Mr. Atkinson has been ill for several months, but for the past few weeks had shown a marked improvement and his many friends thought he would soon regain his former health, but on last Thursday he became suddenly ill with an attack of appendicitis and grew rapidly worse.

THE BANKS CASE AS IT WAS.

The Charge Against Agent D. P. Banks, of This Place, was Dismissed, as a Case Could Not be Made Against Him And There Was Nothing Else to do.

Mr. Banks refused to allow scale inspector Southard to inspect the L. & N. scales at this place. There was nothing sensational about it. Mr. Southard wished to inspect the scales and thought he had a right to do so. Mr. Banks asked him to show the law on it and he was unable to find any law covering the case, then Mr. Banks said "I cannot allow you to inspect these scales." Inspector Southard swore out a warrant for him, the Sheriff served it and he was placed under a \$50 bond.

When the case was called in court it was promptly thrown out on the county attorney telling Judge Bradley they could not make out a case against Banks. There was considerable excitement among the relatives and friends of Mr. Banks in Henderson when the article appeared in the Henderson paper and he asked that The Bee publish a plain statement of facts without any frills.

SMALL BLAZE.

The Tresh House on Railroad Street
Catches Fire.

The Tresh house on Railroad street caught fire yesterday evening and blazed fiercely for a few minutes, but was soon extinguished. The roof on the kitchen was burned off and other damage done. None of the household effects were injured. Prompt work of the Earlinton fire brigade saved the house.

GENERAL FOREMAN

J. L. ENOCH

Goes to Howell as General Foreman at That Place Temporarily.

EMPLOYEES HERE REGRET TO LOSE HIM.

It is with regret that we announce the departure of General Foreman J. L. Enoch, of the mechanical department, from our midst, to take effect June 1, 1911.

He will be placed as general foreman of the L. & N. shops at Howell, Ind., temporarily and later, we hope to hear of him being assigned to larger and more important shops.

Mr. Enoch took charge of the Earlinton shops Jan. 11, 1910, at a time when business was never known to be better to the Henderson division. So well did he handle the business during the great rush, the first six months of last year, and also ever since, that the management is fully aware of the fact that he is capable of superintending much larger shops than we have here, and so have called him.

During the year and a half that Mr. Enoch has been in our midst we have always found him very attentive to his duties and always looking out for the better interests of the L. & N. company. He is jovial and kind hearted with all his employees and acquaintances and easy for one to approach no matter what might be his vocation and mission. His men have learned to like him very much, since he has been here, account of his amiable disposition and regret very much to see him leave, but rejoice over the fact that he has received deserved promotion.

We are sure there is no official on the L. & N. system who works any more faithfully for the company's welfare than does Mr. Enoch. He is the first on duty every morning and the last to leave at night, and is often seen until midnight looking after the company's interest and see that there is no delays to trains through any neglect of his department.

We have noticed that during the recent slack of business on this division that he was on the alert and at once commenced to make reduction of his force accordingly, to save his company unnecessary expense.

Richard B. Salmons, formally an engineer on the second division of the L. & N., and running between Bowling Green and Nashville, will succeed Mr. Enoch as general foreman of the Earlinton shops.

Married at White City.

Miss Zullos Vandover, of White City, and Mr. O. P. Allen, of Creel Springs, Ill., were married at the residence of bride's parents at White City, Wednesday and left for Creel Springs on the noon train. The bride is a well known young lady in her vicinity and Mr. Allen is a prosperous young business man.

RESIGNATION OF DIAZ PRESENTED WEDNESDAY

Expected Acceptance Will be Delayed Until Saturday—No Armed Guards For Madero.

Juarez, Mex., May 24.—Confidential advice to the revolutionists here are to the effect that the resignation of President Diaz will be presented to the Mexican congress tomorrow. It is not expected it will be accepted before Saturday of this week and Francisco I. Madero, Jr., the rebel leader, is not planning to start for Mexico City before Sunday.

Senor Madero is just beginning to realize the strength of the revolutionary movement which he created. A constant stream of telegrams has been pouring in at his headquarters within the last few days congratulating him on the success of the revolution and stating that hundreds of men are at his disposal for further instructions.

As the telegrams are from all parts of Mexico including the southern and central sections it is becoming more and more apparent here that Madero need fear little from a counter revolutionary movement. Such talks again was in the air today, coupled with rumors of plots by the "cienteflo" element in Mexico City, and the promiscuous use of money to accomplish Madero's downfall and the possibility of mishap to the Madero train when it starts southward.

Some of Madero's friends said he should take at least 200 armed men with him but the rebel leader himself scoffs at the idea, saying he will have but a civilian escort. It is probable however, that a pilot locomotive will venture a kilometer or two ahead of the Madero train to scout for dynamite bombs or other impediments.

The large army which has accumulated under Madero since the revolution began instead of being regarded as involving future danger of anarchy, is rapidly being viewed in another light by conservative rebel

leaders. They look with satisfaction upon the army, once ragged and undisciplined, now much better drilled and well clad, and believe that the revolution has brought forth the true military strength of the country. The Mexican army, somewhat demoralized by the revolution, it is thought, may be reorganized with the insurgents as a nucleus.

Work for Insurrecto Army.

Some active work for the insurgents, it is believed, is not far off. Reports are being received not infrequently at the Madero headquarters of the ravages of bandits in the interior. Fortunate Herida, a noted bandit, is accused, in one report that reached here today, of robbing a mine in the state of Sonora of gold bullion valued at \$85,000.

The socialistic movement in lower California is expected to give trouble, and the combined forces of federal and insurgents available in that territory, together with the troops from this section, will be turned upon the revolutionists in the far west should they persist in their activity.

Instances of such cooperation of federal and insurgents already have been reported since the signing of the peace pact. A detachment of federal is said to be marching in company with insurgents towards Las Vacuas, near Monterey, Mexico, held by socialists, claiming to be followers of Ricardo Magon, the lower California chief.

WHAT I WENT THROUGH

Before taking Lydia E. Pinkham's Vegetable Compound.

Natick, Mass.—"I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold, I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it had worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish my letter."—Mrs. NATHAN B. GREATER, 51 N. Main Street, Natick, Mass.

The Change of Life is the most critical period of a woman's existence. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

MORE CHILDREN OF SCHOOL AGE

In Hopkins County Than in 1910 Shown By Report of County Supt. A. J. Fox.

The figures of the 1911 census of school children in Hopkins county, which County Superintendent Fox has just completed, shows a decrease of two whites and an increase of 108 colored, between the ages of six and twenty. There are 8,201 whites of school age, according to the 1911 census, and 2,186 colored.

Increase Entirely Colored.

In 1910 there were 8,289 whites and 2,078 colored. The number of white boys of the last census as compared with the census of the previous year shows a falling off of forty-nine, while the girls increase forty-seven. The colored males increased 107 and the females one.

Falling Off in Rural Districts.

The falling off of whites is chiefly in the rural districts. Madisonville shows an increase of thirty. The new rural district on Pond river has fifty-six persons within its boundaries of school age.

There are several schools in the county that have only forty of school age and came near losing their right to a school. Several had only forty-one and one or two forty-two and forty three.

Earlington has the largest number under school age outside of the graded common schools and graded schools.

Most of the counties in the State have shown a falling off and the report of Superintendent Fox, which has been mailed to Superintendent of Public Instruction Reaginster, will be an exceptional one.

Atlanta Brood Coop

MADE OF HEAVY GALVANIZED IRON

We Claim for this Coop Many Advantages Over Any Other on the Market

FIRST: They are collapsable, and can be put away in the fall in a few minutes in a very small space and reassembled when needed in two minutes each.

SECOND: The sanitary features of these coops cannot be excelled, as the ventilation is perfect and the bottom can be removed in one minute without any trouble, quickly cleaned and replaced, without removing any other section of the coop, as there are no bolts, screws, hinges or fastenings to bother with. Lice or vermin will not harbor in galvanized iron, there being no crevices in which to secrete themselves and multiply nor for disease germs to find a lodging place. These coops are absolutely proof against **Rats, Weasles, Minks, Skunks** and other chicken eating animals. Government statistics show that rats destroy more chickens every year than every other agency.

THIRD: It is made of heavy Galvanized Iron and is as rigid as a wooden coop, but does not hold dampness, it is also absolutely weather proof, even in the most driving rain. It is as cheap as any wooden coop and has many advantages not found in them. The different doors can be set in an instant and will remain when placed until changed.

FOURTH: Made in two sizes with 8 and 9 inch revolving doors.

Potatoes as Pen Wipers.
One hundred and fifty hotels in Kansas City use a style of cabinet on their desks in which a receptacle is provided for a raw potato, in which it is the custom of the clerk to stick the pen after it is used for any purpose. The potato acts as a cleaner for the pen, and also a handy place in which it may be kept. A fresh potato is supplied every morning.

HAPPY RESULTS

Have Made Many Earlington Residents Enthusiastic.

No wonder scores of Earlington citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are truthful representations of the daily work done in Earlington by Doan's Kidney Pills.

James Walter Almore, of Earlington, Ky., says: "My kidney trouble was brought on by hard work and I was afflicted with the complaint for ten years. I suffered from dizzy spells, my kidneys did not do their work properly and my rest was disturbed by too frequent passages of the kidney secretions. Some time ago I learned of Doan's Kidney Pills and procured a box. Soon after I began using them I received great relief and thus encouraged, I continued taking them until I was cured. My kidneys are now in a normal condition and I feel very grateful to Doan's Kidney Pills for bringing about this change."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NOTHING HAPPENED

Reginald—By Jove, suppose I should forget myself an' let this sailboat turn turtle! What would you say?
Phoebe—I would say you had turned lobster.

Happy Inspiration.

On a recent examination paper in civics was this question, "If the president, vice-president and all the members of the cabinet should die, who would officiate?" Robert, a boy of twelve, thought for some time, trying in vain to recall who came next in succession. At last a happy inspiration came to him and he answered, "The undertaker."

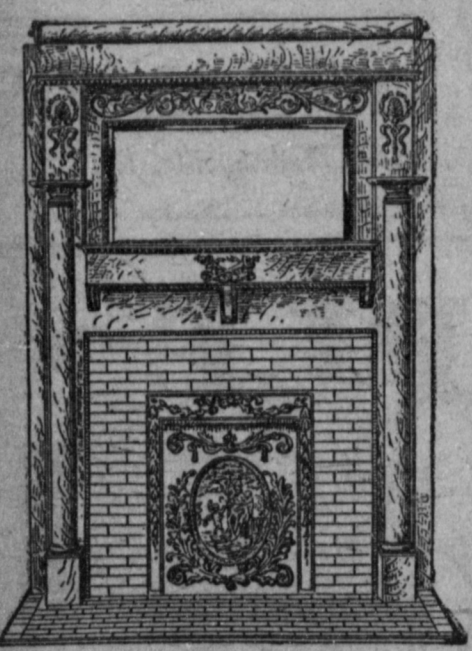

Mrs. Harold Howard and Miss Florence Howard, of Madisonville, were in the city Thursday.

Bladder Trouble Causes Terrible Pains.

After taking a trial bottle of Dr. Kilmer's Swamp-Root which you forwarded to me, I purchased some from a local drug store and after using three dollar bottles I can truthfully say that I was cured of all the terrible pains I had in my back, side and head, caused by bladder trouble. I had the worse kind of kidney trouble and suffered so that I could not even stay in bed with the pain. Dr. Kilmer's Swamp-Root made me feel just like a new person and I am glad to recommend it to anyone suffering as I did. Very truly yours,

MISS MARY ARDNER.

Sworn to before me and in my presence subscribed by the said Miss Mary Ardner, this 16th day of July, 1909.
F. L. RAY, Notary Public.

Prove What Swamp-Root Will Do For You. Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention this paper. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

MRS. KATE WITHERS, Pres. Knights and Ladies of Security will meet every second and fourth Monday nights. Visiting members invited to attend.

C. S. CRENSHAW, Clerk. Visiting members are cordially invited to attend any of these Lodges.

You Need Stationery.

Nothing gives an individual or a firm standing in the business world like nice stationery neatly printed. The Semi-Weekly Bee job department keeps constantly on hand a fine line of letterheads, noteheads, billheads, statements and envelopes, both linen and commercial. We also do circular, invitation and catalogue work. Give us a trial. You will be pleased.

Notice, Poultry Raisers

Now is the time of year to feed your fowls a good tonic. R4-11-44 cures Cholera, Roup, Gapes, Canker and Limberneck. When fed as a preventive it not only keeps them healthy, but makes them lay. Price 50c.—No Cure, No Pay. Guaranteed by your druggist. St. Bernard Mining Co., Incorporated, Drug Department, Earlinton, Ky. Gardner & Bowmer, Madisonville, Ky. Try it under the guarantee. Ask for booklet on diseases of poultry.

Taking the Rain Cure.

The complexion cure of the Irish society belle is the rain cure, according to the Pall Mall Gazette. The Irish woman puts on her raincoat, and a small hat, without veil, and saunters out for a brisk walk in the hardest downpour, letting the fresh drops play on her face as they will. When she returns to her home she changes her wet clothes, rubs her face with a soft, warm towel and rests all her facial muscles.

Instead of Liquid Antiseptics or Peroxide

many people are now using Paxtine Toilet Antiseptic. The new toilet germicide powder to be dissolved in water as needed. For all toilet and hygiene uses it is better and more economical. To cleanse and whiten the teeth, remove tartar and prevent decay. To disinfect the mouth, destroy disease germs, and purify the breath. To keep artificial teeth and bridgework clean, odorless. To remove nicotine from the teeth and purify the breath after smoking. To eradicate perspiration and body odors by sponge bathing. The best antiseptic wash known. Relieves and strengthens tired, weak, inflamed eyes. Heals sore throat, wounds and cuts. 25 and 50 cts. a box, druggists or by mail postpaid. Sample Free. THE PAXTON TOILET CO., BOSTON, MASS.

Unexpected Guests

The farmer and his wife were about to sit down to a cold supper when they saw some old friends driving towards the house.

The good wife was equal to the occasion—thanks to her New Perfection Oil Cook-stove.

She had it lit in a moment, and her guests hardly were seated on the porch before a hearty hot meal was ready for the table—sausages and eggs and long rashers of streaky bacon, and rolls just crisped in the oven and fresh coffee—and the hostess herself as cool and neat as if she had not been near the kitchen.

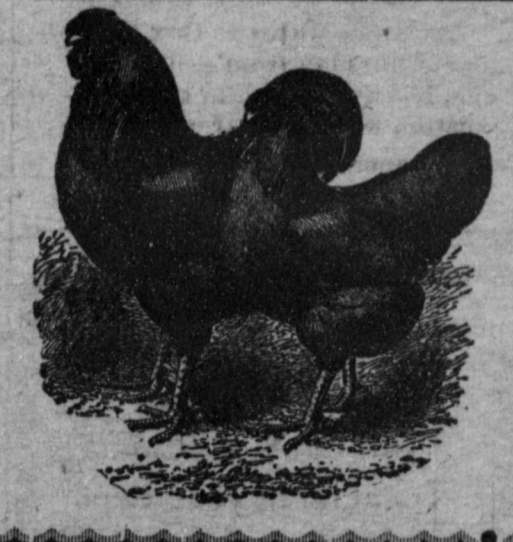

She never could have managed it with an old-fashioned range. The New Perfection is the quickest, most convenient and best cooker on the market.

Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys. Handicraft finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, lower racks, etc.

Dealers everywhere; or write for descriptive circular to the nearest agency of the Standard Oil Company (Incorporated)
